Las Vegas PC Users Group

General Membership Meeting May 7, 2008

email: info@lvpcug.org

Check out the website at www.lvpcug.org. We are updating the site and making changes!

The next General Meeting will be on June 4, 2008.

A BIG Thank YOU to the Board of Directors who served for 2007-2008. They did a great job and we appreciate the time they donated to our Group.

The new Board of Directors are now working hard to bring you new programs and lots of fun events. Watch for our notices. It will have tips, tricks, and information that you will not want to miss.

Recycling Project

Help our Club earn extra money and keep our environment green. Bring us your empty printer cartridges and old cell phones to be

Dan Goldstein from Acoustica was the Guest Speaker at our General Meeting held on May 7th. Dan talked about Acoustica's software product, Mixcraft. Mixcraft is like having a full recording studio at your fingertips. You can be the star and play an instrument or sing, then add other instruments directly from your computer using this easy program.

You have the ability to hook up a keyboard to your computer and create beautiful recordings. Mixcraft will let you record, edit, combine other music or instruments, and publish to a CD.

Dan also brought Dick Borden with him. Dick had previously decided to learn to sing and do his own recordings. A video of Dick using the Mixcraft program and singing a Frank Sinatra song is available also. We all enjoyed the great entertainment.

Dan did a great presentation and we would like to share it with the members who could not attend and for the ones who were there and would like to see it again. (Please forgive the photography and the flaws. It was our first attempt to record the meetings.)

To help bring this information to you, we are using "HelloWorld" who came to visit us a couple of months ago. This program lets us show you the videos of Dan and Dick.

Trend Micro

We have a few copies of Trend Micro's Internet security Pro for \$20.00. This program is one of the top security products to prevent virus, spyware, and data theft and help with email safety, parental controls and other internet safety items. Call Linda Schubarth at 702-630-4455 if you would like to purchase a package. This is a special price for our Club members.

This "Little Bytes" publication is a new program to help you be informed and know what the LVPCUG is doing. We have a lot of great plans for the future and hope you will enjoy this information. Please send us an email to info@lvpcug.org if you would like to make a comment or suggestion.
